Presenting with sophisticated style and articulate design, this luxury duplex finely crafted in 2009 epitomises modern splendour and true comfort.

Three sensational living areas and an enclosable terrace provide all the living, dining and entertaining space you could wish for, while the master bedroom with its palatial dimensions is also an alluring place to rest and relax.

High quality fixtures and fittings do create a blue-chip property, but in this case it is also the little extras that create a home with a luxurious feel and a beautiful ambience, highlighted by the artful use of muted, earthy tones and textures throughout.
